John C. "Jack" Kasher, PhD, is an authority on UFO's and a professor of physics and astronomy at the U of Nebraska at Omaha (UNO). One of his research projects has been to analyze the UFOs appearing on video footage taken by NASA during Discovery Space Shuttle Mission STS-48.

Edgar Cayce predicted the Earth's poles would begin to shift in the years 2000 to 2001. He said that this pole shift would signify the beginning of a new age, higher levels of consciousness and celestial awareness to the extent that the people of Earth would become aware of "**The People of the Universe**"!!
